Cannon VoIP Pricing

One flat rate, every fee included, no contract.

Every price on the Cannon VoIP platform on one sheet: service, add-ons, hardware and one-time fees. Same price in every state, taxes and telecom fees already paid out of it.

Extension

$34 per extension / month

Apps, texting and every feature below included. Add or remove extensions any month.

Light-Use Extension

$28 per extension / month

Desk phone only: every feature and the admin portal, without the mobile, computer and web apps. Mix them in with regular extensions.

Volume pricing applied automatically on your total extensions, no negotiating

Extensions on the account	Discount	Extension	Light-Use Extension
